CASHMATIC

The Cashmatic SelfPay 1060C is the most high-performance automatic cash register for cash payments in the Cashmatic range: it processes larger quantities of coins with greater reliability. With optimized inbound and outbound cash flow management, it is designed to handle large volumes of cash payments with maximum speed, accuracy and security. It is the ideal solution for high-traffic checkout points, where operational speed and correct change are essential.

SP 1060C: the most performing one
